

INVESTING IN INNOVATION for BETTER GROWTH, BETTER CLIMATE - 2015-18 SPEAKER SERIES

Before available for a select few, [Eco Commerce Exchange \(ECE\)](#) is now expanding. We are now interviewing Speakers for the [International Eco Commerce Partnership \(IECP\)](#) - Investing in Innovation for Better Growth, Better Climate 2015-18 Speaker Series.

CALL FOR SPEAKERS - we are now interviewing Speakers for the [2015 Investing in Innovation 'Better Growth, Better Climate' Speaker Series](#).

What You Want Our Audience to Know About Your Business, Technology, Research? We will share your interview and video presentations, slide shows, and reports with our global audience of over 2 million values-based Business Executives, Investors, Business Owners, Policy Makers, Philanthropists, and Media Partners.

WHY DO WE DO THIS?

We realize that collaborative online learning is critical to our audience. Since many organizations have limited travel budgets, decision makers cannot attend numerous live events around the world. Therefore, we have created this unique collaborative learning portal to serve our global audience by delivering them critical information they seek from experts around the world.

WHY SHOULD YOU PARTICIPATE AS OUR SPEAKER?

We provide our Speakers a way to share their expertise with our broad but highly targeted international business audience. We invite our database of values-based decision makers to participate in our educational events and encourage them to invest more in technology and research, to accelerate adoption of Best Adaptation Solutions (BAS) and Best Conservation Solutions (BCS).

FREE ONLINE ACCESS 365/24/7 - NO COST TO ATTEND.

We provide FREE unlimited online access to ECE's Virtual Auditorium, Exhibit Hall, Learning Center, Library, and Lounge to all visitors. The Speakers may share information about their technology, fee based services or products with our audience. All revenues from fee based services will go directly to the Speakers through their own business process.

RESERVE YOUR 2015 SPEAKER/EXHIBITOR ENGAGEMENT TODAY - FIRST COME, FIRST SERVE

Please contact Speaker@EcoCommerceExchange.com to book your Speaker engagement today. We can upload your video in mp4 format or if you have audio presentations we are able to upload those as well. You will be asked to provide your speech description and learning objectives for each video/presentation you share with our audience.

We ask that you provide your speaker bio and content initially before we deliver your presentation to our audience. You can continue to submit more content for approval. We will continually promote your video presentation throughout the year. As we have live and virtual summits on various specialties such as AGRICULTURE, FOOD & BEVERAGE, ENERGY, ENVIRONMENT, FASHION, HEALTH, COMMUNICATION, TRAVEL & TOURISM, TRANSPORT, WATER and others, and regional Summits such as NORTH AMERICA, SOUTH AMERICA, EUROPE, ASIA, NEAR EAST, AFRICA, SOUTH WEST PACIFIC, SMALL ISLANDS, NORDIC COUNTRIES, GULF COAST, COASTAL CITIES, we will recommend any presentations that pertain to those topics and include them in specific virtual Summits.

Please review the Speaker Series content below, and submit your Speaker Presentation for approval. Thank you for your consideration. We look forward to your participation as our valued Speaker/Exhibitor.
