

ECO LEXICON

'Brought to You by Chamber of Eco Commerce'

Regional Opportunity

Mentor To become a mentor, you will be required to demonstrate your ability to guide students teaching K-12 level STEM concepts. We encourage educators, professionals, and college students to join us.

Sponsor or Donor To sponsor or donate an Eco Lexicon training program or Eco Innovation Lab, you will be required to sponsor/ donate a minimum amount of training kits or tools per project.

Dealer To become an official Eco Lexicon dealer, you will be required to purchase a minimum amount of Eco Lexicon Training Kits at the wholesale pricing.

Buying Group Establishing Buying group status requires a minimum purchase of Eco Lexicon Training Kits. As a buying group, you will have the opportunity to supply and support dealers as well as retail customers while receiving the next highest percent of profit margin behind a distributorship. The advantage of having a buying group is that it does not require an annual stocking requirement.

Distributor (By Invitation Only to Existing Dealers Only): As a distributor, you will have a specified and protected zone in which you can operate and distribute a designated amount of inventory. Distributors receive the highest percent of profit margin while being required to maintain a minimum number of units in inventory. There is an initial investment for a distributor per product group. Thereafter, the distributor will be required to have purchased a minimum amount of product by the end of the first year, and for year two, and in the third year.

Supplier All products and services will be qualified to meet specific requirements of children and youth and educators, and qualifications of Eco Lexicon stakeholders and sponsors. To become an official supplier, please contact CEC to discuss your offering.

Territories and minimum requirements will be defined in each contract and will provide dealer development protection for that area, but will offer no protection for retail purchases. There is no restriction on where the distributor may sell domestically.
