

Eco Commerce Speaker Series

Brought to you by Chamber of Eco Commerce

'Banking on Eco Commerce' - Guaranteed to Inform and Inspire

We invite you to join us for Eco Commerce speaker events at World Trade Centers.

As the world of Eco Commerce evolves, the Chamber of Eco Commerce (CEC) remains connected to the local and international community we serve and to the partners who support us. CEC's dedication to high quality expertise has made CEC the world's leading independent business alliance in the discipline of Eco Commerce.

The World Trade Center (WTC) of Atlanta will start a tradition of excellence by offering WTC membership opportunity to experience and learn from remarkable experts and professionals who have changed the business and shaped lives of people.

Participants will have the opportunity to meet business and policy leaders, experts and professionals, best-selling authors, explorers and celebrated personalities offering profound insights and lively discussion.

The Eco Commerce speaker series offers you the opportunity to learn and share in a unique event, from which you will benefit and remember for a lifetime.

The Eco Commerce speaker series was launched in January 2012, in the U.S. and will travel from Atlanta to WTC locations across the U.S. and worldwide with remarkable speakers.

Audiences throughout the world have many WTC locations to experience the Eco Commerce speaker series. Don't miss the ultimate Eco Commerce Event presented by leaders of vision, experience, and expertise. You will be challenged and you will leave empowered and inspired!
